

Swimming with Puddle Ducks at Wrinehill Mill Farm, Betley

From the A500

- Follow the A531 South through Wychwood Village into Betley
- Drive straight through Betley passing the village stores on your right and the Hand and Trumpet Pub
- Continue past Checkley Lane on your right and out of the village, passing through the National Speed Limit Signs
- The road soon bends sharply to the left, with a small row of cottages on the right
- Turn right down the lane directly after the cottages (with a stile on the corner of the field)

From Madeley

- Take the A531 North towards Betley
- Before you reach Betley, the road bends to the right, and there is a lane on the left hand side. Turn left down this lane, directly before the cottages (with a stile on the corner of the field). If you reach the 30 MPH Speed limit signs for Wrinehill you have gone too far!

Then

- Continue along the lane and under the railway bridge and then bear right when you reach the first farm buildings

- Continue straight onto Winehill Mill Farm, passing the duck pond on your left and the house on the right. Go past the front of the house, down the ramp and then turn right immediately. The pool is in the cream coloured building on your right.

- Please do not park next to the duck pond but go beyond the farmhouse down the ramp and then turn immediately right. The pool is on your right, up a small concrete ramp. Please drive with care as there may be children, horses and dogs around
